

eLife Tablet for Teachers

Life and Business Skills for Economic Empowerment

About eLife Tablet for Teachers

The **eLife - Life and Business Skills for Economic Empowerment** is an education program teaching life and business skills for economic empowerment in disadvantaged areas around the world.

The **eLife Tablet for Teachers** provides schools and community centers an efficient way to teach valuable life and business skills lessons to students in need. The eLife Tablet gives teachers the ability to receive **curriculum and lesson plan updates, evaluate the students, valuable training techniques** and ability to **connect to resources outside the classroom**.

The **eLife Tablet for Teachers** uses basic mobile technology - a **cost-effective way to deploy education**. The Tablet works off of the **Magic Pencil** tablet app on an Android platform. Most importantly, the eLife Tablet will help both students and teachers achieve **positive change for their life, and long-term social impact for their community**.
